

**The Prayer of the Church** - from *Christ Our Pascha*

Christ himself shows that the created world is a means through which God acts: he cures the man born blind by applying a mud paste to his eyes; he heals the hemorrhaging woman who touched the fringe of his cloak, and in the Transfiguration his clothes shine with divine light (see Mt 17:2).

All that Christ did during his lifetime he continues to do through the Divine Services of his Church and through the Holy Mysteries. Therefore, the Church, through her Divine Services during the Mysteries and on holy days, blesses and sanctifies various material objects through which she witnesses to Christ's presence and salvific action. Acts 5:12-20

John 20:19-31

### *Troparion (Tone 7)*

Glory be ... With his searching hand, Thomas explored Your life-giving side, O Christ God. For when You entered while the doors were shut, he called out to You with the rest of the Apostles: You are my Lord and my God!

### *Prokeimen (Tone 3)*

Great is our Lord and great is His strength; and of His knowledge there is no end.

*verse:* Praise the Lord, for a psalm is good; may praise be sweet to our God.

Great is our Lord and great is His strength; and of His knowledge there is no end.

### *Alleluia*

Alleluia, Alleluia, Alleluia

*Verse* Come, let us sing joyfully to the Lord, let us acclaim God, our Savior.

Alleluia, Alleluia, Alleluia

### **Joke of the Day**

One day a group of scientists got together and decided that man had come a long way and no longer needed God. So they picked one scientist to go and tell Him that they were done with Him. The scientist walked up to God and said, "God, we've decided that we no longer need You. We're to the point that we can clone people and do many miraculous things, so why don't You just go on and get lost."

God listened very patiently and kindly to the man. After the scientist was done talking, God said, "Very well, how about this? Let's say we have a man-making contest?"

To which the scientist replied, "Okay, great!"

But God added, "Now, we're going to do this just like I did back in the old days with Adam."

The scientist said, "Sure, no problem," and bent down and grabbed himself a handful of dirt.

God looked at him and said, "No, no, no! You go get your own dirt!"
